EDUCATION

Addis Ababa Science and Technology University,　　　03/2022 – Present | Addis Ababa Ethiopia
Bachelors in Software Engineering 🔗
CGPA: 3.75
Relevant Coursework: Data Structures & Algorithms, OOP, Database Management, Internet Programming, Computer Networks, Computer Graphics

PROFESSIONAL EXPERIENCE

Information Network Security Administration (INSA),　　07/2025 – Present | Addis Ababa, Ethiopia
Cyber security Research Trainee 🔗
- Developing a full-stack vulnerability scanner for OWASP Top 10 risks using Python, FastAPI, and React. Engineering automated algorithms to detect critical web security flaws. Gaining deep, practical expertise in security principles and defensive measures.

Ethioware-EdTech-Initiative,　　　　　　　　　　07/2025 – 10/2025 | Remote
Front End Developer Intern 🔗
- Received expert training in remote professionalism and applied front-end (React, Node.js) and UI/UX (Figma) skills to deliver a deployed project (Vercel, Render). Enhanced leadership and project management capabilities by managing timelines and virtual collaboration.

PROJECTS

DVS: Developer Vulnerability scanner 🔗　　　　　　　　　　07/2025 – Present
- A SAST platform scanning GitHub repos for OWASP Top 10 vulnerabilities. Engineered a Python scanner with a React dashboard and implemented auth, API.
- **Tech :** React, FastAPI, Python, PostgreSQL, Redis, Docker

Youth Research Publication Site,　　　　　　　　　　　07/2025 – 10/2025
Role: Front end developer 🔗
A peer-review platform for students to submit papers and receive feedback. Built role-based access and submission workflow with accept/reject system. 🔗
Tech: React, Node.js, PostgreSQL, Vercel, Render

SKILLS

C++, Java, PHP, JavaScript, TypeScript, python, React.js, Node.js , MySQL.

CERTIFICATES

- Certificate of achievement from Ethioware-EDTech-intiative 🔗

- Certificate of completion from Evangadi tech 🔗

- Dean's Award forAcademic Excellence 🔗
